

Tour the White House

White House tour requests must be made a minimum of 28 days in advance. Due to the high volume of requests I ask that you contact my office three months prior to your trip as the White House awards tickets on a first come, first serve basis.

To make your tour request, please contact my Washington, D.C. office at (202) 225-4011. You will be asked to provide the following information for each individual (adult and child) who will receive a ticket. Please keep in mind that tickets are non-transferable.

- Full legal name
- Date of Birth
- Social Security Number*
- Citizenship (United States or elsewhere)
- Passport Number (if not a United States citizen)
- Days and times available for a tour

*Your Social Security Number is required as a security precaution. No one will be admitted to the White House without providing this number. The number will only be handled by my office and the White House security.
