The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Indianapolis Public Transportation (IndyGo) Paratransit Improvements in Fiscal Year 2027. The entity to receive funding for this project is the Indianapolis Public Transportation Corporation (IndyGo), located at 9503 East 33rd Street, Indianapolis, IN 46235

The funding would be used for the capital procurement of 13 transit vehicles to replace aging units in the paratransit fleet. The project is an appropriate use of taxpayer funds because it ensures the transit system remains in a state of good repair, specifically providing safe and reliable mobility for seniors and individuals with disabilities. By increasing wheelchair capacity and reducing maintenance-related service disruptions, this investment supports ADA compliance and maintains essential access to healthcare, employment, and education for residents across Marion County.

The project has a federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

André Carson  
Member of Congress
