The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Indiana University Health Public Safety Technology and De-Escalation Initiative in Fiscal Year 2027. The entity to receive funding for this project is Indiana University Health, Inc., located at 340 W. Tenth Street, Indianapolis, IN 46205.

The funding would be used for the procurement of public safety technology and equipment, including body-worn camera hardware, docking stations, and tactical de-escalation devices. The project is an appropriate use of taxpayer funds because it provides modern transparency and accountability hardware to the fourth largest public safety department in Indiana, enhancing workplace safety and emergency response for thousands of patients, visitors, and staff in a high-traffic urban medical environment.

The project has a federal nexus because the funding provided is for purposes authorized by 34 U.S.C. § 10152.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

André Carson

Member of Congress
