House Committee on Appropriations
Subcommittee on Labor, Health and Human Services, Education, and Related Agencies
US House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$250,000 for Flanner House of Indianapolis Mental Health Services Project in fiscal year 2022.

The entity to receive funding for this project is the Flanner House of Indianapolis, located at 2424 Dr. MLK Jr St. Indianapolis, IN 46208.

The funding would be used to develop a neighborhood located, non-clinical setting for the delivery of mental healthcare, the King Commons Family Wellness Center. The center will be a multidisciplinary behavioral health care practice. The Wellness Center will be constructed using innovative container technology, which will allow it to be completed in half the time of conventional construction. This initiative is a valuable use of taxpayer funds because the center provides an array of quality mental health and behavioral health services to individuals, couples, and families. The service population includes people of all age ranges. Services include, psychopharmacology, individual psychotherapy, substance abuse programs, family counseling and group counseling, delivered by a multidisciplinary staff.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

André Carson
Member of Congress
